EVENING PROGRAMS

Every night after dinner, Golan has a unit evening program, run by their unit head, Seth.

Unit Nite: After dinner, all of Golan got together to learn their Unit Cheers. They sing these cheers after meals.

Messy Olympics: The boys had to run through various obstacles that were covered in whipped cream, chocolate sauce, Cheerios and powdered sugar. The goal of the night was to get as messy as possible. They had a blast!

Pool Party: Golan got the opportunity to have free swim in the evening. They enjoyed hanging out with friends and enjoying soda and snacks.

ACTIVITY SPOTLIGHT OF THE WEEK

Golan's favorite area this week was Tripping. The boys got to go fishing by the swim dock with Layne. They had an awesome time trying to catch fish. Some of the boys caught some big fish!
