

SHARONE SAYS HI

LIFE ON THE PENINSULA

Sharone has had a great first 2 weeks of camp full of bonding and fun. We already miss our 1A campers, but can't wait for the new campers to arrive!

ALAINA ANSWERS: A NOTE FROM YOUR UNIT HEAD

"Hello Parents! Your Sharone Campers and I have been having so much fun this session! Tubing and paddle boarding are very popular among our girls right now. They are making friendship bracelets (and friends) day and night! They are so sweet and curious! I love being Sharone Unit Head because this age group is so friendly, open, and willing to try new things."

CABIN CHAT

G5

"Free time in the cabin is the best! We get to listen to music and practice our gymnastic skills. Our favorite activities at camp are getting to go down the zip line and ski in the lake. At night, after our showers, our cabin does rose and bud. This is an activity where we talk about our highs of the day and what we are looking forward to."

G3

"We love going tubing! We wish we could go every day. In our cabin, we make lots of friendship bracelets. We also like to play games with our cabin mates. Every night we do a compliment circle where we tell the person next to us what we like about them."

G10

"Tubing is the best activity! We love to hang out in the cabin and chat, make friendship bracelets and create Mad Libs. Before bed, we do an activity called Glow and Grow. This is where we talk about what we liked about the day and what we are looking forward to."

G7

"G7 loves spending time together. In our cabin, we love making friendship bracelets and braiding each others hair. Our favorite days are when our cabin gets to go on the zipline and tubing."

G1

"Our cabin likes to go tubing, slide down the waterslide and shoot arrows at archery. Whenever we have free time we have cheer and dance parties in the cabin. We also love to make friendship bracelets. Every night before bed our cabin goes over our highs and lows of the day."

EVENING PROGRAMS

Every night after dinner, Sharone has a unit evening program, run by their unit head, Alaina.

Unit Night: Sharone got together to learn cheers. They sing them after meals.

Spa Slumber Party: All of Sharone spent the night in the Dining Hall, where they painted nails, braided each others hair, made Sabragrams and friendship bracelets. They had so much fun & even got to wake up later!

Pool Party: After dinner, all of Sharone got to have free swim in the pool. They enjoyed soda and snacks.

Arts N Crafts Night: One night each camper had the opportunity to make a personalized Activity Book to use during rest hour and before bed. The book consisted of crosswords, pictures to color, and word searches.

ACTIVITY SPOTLIGHT OF THE WEEK

Our campers have really enjoyed Media this week! They have been getting creative making notebooks and photo projects for their cabins! Most Sharonies enjoy any opportunity to get a little messy and make art! I love seeing the amazing ways they express their personalities with their projects!
